

Danbury Community Health Center

Below are the registration links to share with your families for our vaccination clinics. Families are also able to register their children through the Vaccination Appointment Assist Line or VAMS on-line, but we thought they might like to have a customized registration link for these early days of eligibility for 12-15 year olds. Given the anticipated demand at the opening of this age group we cannot guarantee that we will be able to take same day registrations/walk-ins. So we strongly encourage people to register either through the link, VAMS or VAAL to ensure they have an appointment.

If parents register through this link, they will be asked to electronically give consent for their child to receive the vaccine. Even though they have already given consent through this process, we strongly encourage the parents to attend the vaccination clinic with their child.

At the event, the parents will complete the pre-vaccination questionnaire and be given the Emergency Use Authorization information on the Pfizer vaccine.

We will be offering second dose appointments for children scheduled through these registration links according to the following schedule. We encourage families to bring their children back according to this schedule at the same time as their first dose.

First Dose	Second Dose
Thursday, 5/13	Thursday, 6/3
Friday, 5/14	Friday, 6/4
Saturday, 5/15	Saturday, 6/5
Sunday, 5/16	Sunday, 6/6
Monday, 5/17	Monday, 6/7
Tuesday, 5/18	Tuesday, 6/8
