Minutes of Site Inspection

LOCATION: New Pond Farm Application #24-08
101 Marchant Road

DATE: April 23, 2024

TIME: 4:00 PM

PRESENT:

COMMISSION

D. Pattee
S. Green
C. Matzke
T. Miller
W. Perlman

APPLICANT

T. Ryder
A. Taylor
B. Ward
M. Murray

The Commission began its inspection at the stream entrance to the pond. T. Ryder pointed out the area in the stream where a new box culvert will be installed. The notch in the dam at the entrance to the pond will be lowered for fish passage. The locations of the three vernal pools were observed by the Commission. The inspection proceeded to the outlet area of the pond where the remainder of the dam will be removed and the banks will be repaired.

The site inspection ended at 4:30 pm.
